

22nd August 2024

Dear Parents/Carers

As part of our Independent Living Skills lessons, we are visiting places in the community so our students can practice social and personal living skills. Part of this includes purchasing items as well as socialising with their peers. This gives students an opportunity to practice skills they have learnt and in particular using money to purchase an item.

It is not essential, but if you can provide your son/daughter with some spending money during these visits, they will be able to get the most out of the experience. This lesson will take place every Wednesday from next week (28th August 2024).

Any questions, please give me a call on 0116 2477711 or email me on scox@birketthouse.leics.sch.uk.

Yours sincerely

Stefan Cox
Class Teacher
